

PROTECTIVE MEDICAL EQUIPMENT

En **Gestión de Compras** we have a wide range of medical products and protection products against viruses, bacteria and infections. Work according to CE standards and ISO 13485 standards for medical products and EN 149: 2001 + A1: 2009 for personal protection systems. We supply from small orders of FFP2 masks to bulk shipments of nitrile, latex and vinyl gloves, medical gowns and full body suits.

Our products are very effective in the prevention of contagions, currently having high demand for the prevention of contagion of Coronavirus (Covid-19).

SAFETY GLOVES:

We supply AQL 1.0 and AQL 1.5 safety gloves in nitrile, latex and vinyl in various colors blue, black, white and in different weights. We have both gloves without internal powder, which we recommend for sanitary environments; as gloves with inner powder that facilitates its adaptability.

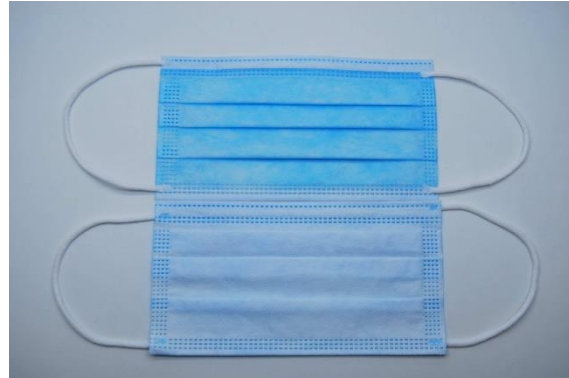

MASKS / PROTECTIVE MASKS

Based on the great demand for protective masks, we have in our catalog a wide range of mask models, from 3ry model to KN95 mask / mask (GB2626-2006 standard) based on FFP2 (European standard EN 149-2001) and N95 (American standard NIOSH-42CFR84).
